

The Wall is Down Discussion Questions

Leaning In: What actions or problems create barriers to positive relationships?

Looking Down: What does this passage teach us God did through Christ to bring us near to Him?

Looking Out: Christ also destroyed a wall between us and God. How does this usher in a new kind of life for us as believers?

Looking In: Who relationally are you separated from? Do you believe Christ can bring peace to you regarding that situation?

In what ways do you fully experience the torn down wall? How do you live as if the wall still exists?
